

Northern, Eastern and Western Devon
Clinical Commissioning Group

Formulary & Referral Website – Updated App now available!

The updated app for the Formulary and Referral website is now available to download on your smartphones and tablets.

Please ensure you delete any earlier versions of this app before reinstalling.

Key features include:

- Easy access on the move to both North and East & South and West Formulary and Referral sites
- Browse and search for clinical guidance without an internet connection
- Detailed evidence-based clinical guidance, updated monthly
- Preference recognition, when you first open the app it will ask you to choose an area, which it will remember then next time you use the app. You can easily change area by using the Region button.
- Connected to the internet the app will check for updates each time you open it, and provide access to any external links and interactive quizzes.

How to Download the App:

Search for "Devon Formulary" in the Apple App Store or Google Play or simply follow the links below.
